For its Aerospace Venture Forum**

**LEESBURG, Virginia – January 22, 2009** – Space Angels Network, LLC, a national network of seed- and early-stage investors focused on aerospace-related ventures, today announced the 6 presenting companies it has selected for its Aerospace Venture Forum being held in McLean, Virginia, on January 30, 2009. The Forum will be a half-day event that showcases promising aerospace-related ventures and allows entrepreneurs to present their investment opportunities to an exclusive audience of active accredited investors. The presenting companies include:

- American Dynamics Flight Systems ([www.adflightsystems.com](http://www.adflightsystems.com)) of Jessup, MD
- Astronix Research ([www.astronixresearch.com](http://www.astronixresearch.com)) of Richmond, VA
- flaik ([www.flaik.net](http://www.flaik.net)) of Boulder, CO
- Masten Space Systems ([www.masten-space.com](http://www.masten-space.com)) of Mojave, CA
- Skymeter Corporation ([www.skymetercorp.com](http://www.skymetercorp.com)) of Toronto, ON
- TopEyeView ([www.topeyevew.com](http://www.topeyevew.com)) of Norcross, GA

“We are excited to have such promising ventures kick off our 2009 Aerospace Venture Forum series, and we look forward to showcasing them for our investor members and Forum attendees,” said Guillermo Söhnlein, founder and managing director of Space Angels Network. “Despite the current economic climate, we continue to see investor demand for early-stage companies with substantial growth opportunities, especially in expanding markets such as aerospace.”

The event is scheduled to be the first of four “deal screenings” organized this year across the U.S. by Space Angels Network for the benefit of its investor members. Attendance is limited to the presenting entrepreneurs and individuals qualifying as “accredited investors” as defined by the Securities and Exchange Commission. The

purpose of the program is to help investors meet and screen potential investment opportunities by providing them with pre-screened materials about each venture, briefings by the entrepreneurs, an Entrepreneur Showcase, investment process support from the Space Angels Network staff and online platform, and a collaborative session where investors will benefit from each other's experiences to further refine their investment due diligence.

The Aerospace Venture Forum is being co-hosted by New Vantage Group, which creates and manages early-stage venture funds for active angel investors, including the Washington Dinner Club and the Active Angel Investor Network. They also maintain joint venture partnerships with regional clubs such as Chesapeake Emerging Opportunities and Virginia Active Angel Network. Since 1999, their members have invested more than \$42 million in more than 46 different companies.

### **About Space Angels Network, LLC**

Space Angels Network is a professionally managed national network of seed- and early-stage investors focused on aerospace-related ventures. The online platform allows members to find investment opportunities, to connect with like-minded accredited investors and aerospace industry experts across the U.S. and Canada, and to collaborate on due diligence and deal negotiations. Space Angels Network also organizes periodic Aerospace Venture Forums, which offer entrepreneurs opportunities to meet face-to-face with accredited investors and present their ventures for their consideration. Through its extended strategic relationships with venture capital firms, federal science and technology agencies, state economic development organizations, research universities, incentive prize organizations, and other partners, Space Angels Network creates a robust ecosystem for both aerospace entrepreneurs and investors to connect for seed- and early-stage financing.
